Extensive Inventory of Major Name Brands

- Most Orders Shipped the Same Day
- Call For Hard to Find/Obsolete Items
- 30 Years of Experience

Compare Our Competitive Prices, Superior Service and Delivery

ISI Industrial Semiconductor

The High Power Semiconductor Specialists

- SCR's- Thyristors
- Rectifiers- Diodes
- Power Modules
- Bridges
- 12 to 2800 Amps
- 50 to 3800 Volts

Industrial Semiconductor

**Your Best Source
for High Quality IGBTs
and Semiconductors**

**We Performance Test Every Item for
Quality upon Arrival**

Extensive Inventory - Ships Same Day

- Hard to Find/Obsolete Items Efficiently Found with Our *Cross Reference System*
- *30 Years of Experience* Assures you the Service and Knowledge You Need

**Now
In Stock!**

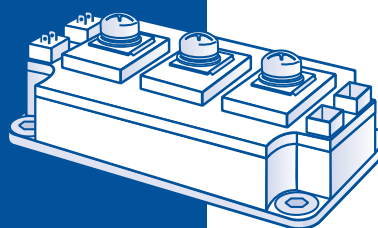

IGBT Power Modules

Manufactured under strict
ISO 9001 Certified standards.
Each module is performance
tested before reaching
your facility.

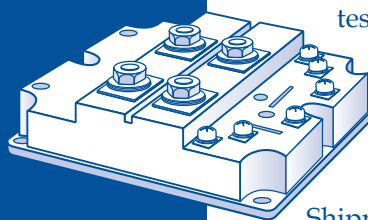

Low-Inductance,
Integrated Power Modules

High Power-
Low Inductance IGBT's

5 to 3600 A
200 to 3300 V

Each IGBT performance
tested at our facility
before we ship it

Most Orders
Shipped the Same Day
